

# 2017 Happy Holidays!!!

Dear D.A.C. Friends,

Thank you very much for your kind donation this past year and over the many years! Your generosity makes a big difference to our lab. This past summer, we used your donation to help hire 3 summer students. These students got hands-on experience in the lab. One student is applying to medical school, another is applying for a Ph.D. program in neuroscience and the third is an undergraduate at Tufts University. Your support helped them on the path to reach their dreams. We all thank you!! All the best for a happy and healthy 2018! Happy Holidays!!!

Cindy Lemere and the Lemere Lab
